

Health Care Stakeholders Are Using New Approaches
to Advance Patient-Centered Care to the Next Level—

FROM VOLUME-BASED TO VALUE-BASED CARE.

Volume-Based Care

HEALTH CARE SYSTEM

A value-driven health care system relies on:

- **DATA AND TOOLS** to help stakeholders make well-informed decisions.
- **QUALITY OF CARE** that is measured against outcomes that matter to patients.
- **NEW PAYMENT APPROACHES** that link reimbursement to clinical outcomes.
